About Pilgrimage and Lourdes

The purpose of pilgrimage is to grow in faith while on a spiritual journey to a holy place. The experience of pilgrimage reminds us we are in exile in this life, created to be with God for eternity. Pilgrimage allows for time from our everyday life to seek God or grow closer to God. We can then meet Him in each person and embrace opportunities to grow in holiness.

In 1858, the Mother of God appeared to a young girl named Bernadette Soubirous of the town of Lourdes in the Pyrenees Mountains, France. There were eighteen apparitions in the Lourdes Grotto including a request to pray, to uncover a spring of water, to build a chapel and to come in procession. Since then, thousands of scientifically documented cures and countless healings and conversions have occurred. Six million pilgrims from all over the world now visit the Grotto each year.
