

Connecting Travel Plan

Please return to our office as soon as possible by US post, scan/email or fax to 419-730-4540.

It is the responsibility of each pilgrim to arrange for travel to connect to our outbound and return international flights. When purchasing your domestic connecting flight to/from your home city, you must plan to arrive at the Air France check-in counter **3 hours before** international departure and must allow **3 hours after** arrival in the US. This ensures sufficient time for check-in, security screening, boarding and customs clearance.

We ask that all pilgrims notify our office of their reserved travel arrangements to meet the pilgrimage for international group departure. In the event that you or the group is delayed, the following information is needed by the group leader to locate you, help make arrangements to keep your seat with the group, and/or to help you to make your connecting flight.

Please send itineraries by post or email OR list below both the OUTBOUND and RETURN.
